Hi—Teach aims to transform teachers into Hi-teachers

The 3-year Hi-Teach project (June 1, 2021 – May 31, 2023) aims to provide a third way to transform teachers into Hi-Teachers. Thanks to the collaboration of 10 universities from 5 European countries (Greece, Italy, Poland, Slovenia and Spain) and two training centers on technological innovation (from Italy and Spain), Hi-Teach will strengthen digital skills and teaching approach of university teachers, providing them with the most up-to-date methodologies and tools.

Athens  
28th February 2023

## THE 4<sup>TH</sup> MULTIPLIER EVENT ON HI-TEACH PROJECT

Focuses on two objectives:

1. Introduce to the audience the main principles and practices the project (to push the dissemination strategy, strengthen project's impacts and develop local awareness. Objectives of the seminar were to: disseminate the learning framework among local HE systems; increase digital integration of learning activities to foster permanent e-learning and give access to the tools developed for teachers and trainers);
2. Present the methodology and results of the work carried out during the project's lifetime by the project-partners, shedding light on state of art findings.

The event took place at the premises of the Department of Economic and Regional Development, at Panteion University of Athens. The presentation started at 17:00 and had a duration of 3 hours. Professor Theodosios Palaskas and Associate Professor Chrysostomos Stoforos were the speakers, as both of them are members of the Panteion team and the partnership of the Hi-Teach project.

The attendants had an energetic participation in the discussion which followed the presentations, and their interest was expressed in several questions as well as in presenting their own experience on the topics of the project.

Brochures explaining the project were distributed prior to the event, as invitations outlining the main topics of the Hi-Teach project.
